

## Summary

---

- As a Flutter Developer specializing in front-end development, I am experienced in all stages of the development cycle for dynamic applications and web projects. I am well-versed in various programming languages, including Java, Kotlin, Python, JavaScript, and Node.js. I have created apps with features such as Google API integration, Live tracking, Geo fencing, and background services. With a strong background in project management and customer relations, I am equipped to deliver high-quality solutions.
- Complex problem solver • Project management • Innovative • Bug Fixing
- Strong Communication

## Skill Highlights

---

- |                           |                               |
|---------------------------|-------------------------------|
| • Flutter<br>Advanced     | • Dart<br>Advanced            |
| • Laravel<br>Intermediate | • REST APIs<br>Advanced       |
| • My SQL<br>Intermediate  | • Figma Ui/Ux<br>Intermediate |
| • FIREBASE<br>Advanced    |                               |

## Experience

---

### Salasar Cyber Solutions,

Princes' Business Skypark Vijay Nagar, Indore, Madhya Pradesh 452001

**Flutter Developer** - 09/2023 to 04/2024 ( 8 months )

- Experience with Swift, iOS, iPad fundamentals and frameworks.
- Experience with full stack software development,
- Collaborative teammate who can work effectively with other engineers across various teams and geographical locations.

### Umpteen Innovation,

Indrapuri, Bhopal, Madhya Pradesh 462022

**Flutter Developer** - 03/2022 to 08/2023 ( 1 yrs 6 months )

- Use of Android studio, Kotlin, Java, XML and Google Material design.
- Cooperate with designers to create clean interfaces and simple, intuitive interactions and experiences and **MVVM and MVC** architecture.
- Solid experience in develop project concepts and maintain optimal workflow.
- Also work on different state managements like **Bloc, Provider** and Getx.

- Familiar with X Code and deployment of android and IOS platform and third-party libraries and other like payment gateways.

## **Linkage Technologies Private Limited**

Zone-I, Maharana Pratap Nagar, Bhopal, Madhya Pradesh 462011

### **Flutter Developer - 01/2021 to 3/2022 ( 1 yr 3 months )**

- Introducing to Arduino and ESP 32, I develop app to connect with it and suggest suitable package to connect with ble.
- Working with cross-platform and with native code packages.

### **IoT Engineer - 01/2019 to 11/2019**

- Introducing Arduino, it's small tiny Microcontroller use in day-to-day life as well as inspace also.
- And also learn core Integrated circuit (IC) programming and the voltage and amps, power supply and power factor
- GIOP pin and connection PWM and Analog waves.

**Total 3 years & 4 months of experience as a Flutter Developer**

## **Certifications**

---

Flutter & Dart (certificate): **Udemy by Dr. Angela Yu**

M. E. R. N (certificate): **Udemy**

## **Education**

---

Bhabha Engineering Research Institute: **Diploma in Electrical Engineering-** 2019

Bhabha Engineering Research Institute: **BTech Computer Science-** 2022

## Some Major Projects

- Innoshopee.in (with flutter web)
- Tradosys
- CB Jamaica
- Paciolo
- Pay4Freight
- OperFi
- Make My Payment
- Mooxy View ( Flutter Desktop )
- Apt caller app
- Kanchi
- Gladiolus Street Light
- Flaxx
- Youup
- Suuq Online
- Aquias
- Aquias Driver
- Dahab Lenses

I also work on flutter web. Some application for IoT, Related to Arduino & MLA.  
And have also knowledge to create app for ble devices and ESP 32 and flutter game.
